NUMBER 273.

CHEE-FOO CAPTURED.

Japanese Troops Gain Another Victory.

ANOTHER BATTLE EXPECTED.

The Chinese Have Closed Foo-Chow in Preparation For a Siege—Japanese Troops Landed Near Port Arthur—Panic Prevails at Canton—Latest News From the Seat of War.

LONDON, Oct. 10.—A dispatch to The Times from Yokohama repeats the report of the capture of Chee-Foo, and adds that the Japanese have landed troops at Tarasada, near Port Arthur. The correspondent at Hong-Kong telegraphs that the Chinese have closed Foo-Chow in preparation for a siege. A panic prevails at Canton.

A Shanghai dispatch to the same paper says that a British military officer who has carefully collected due accounts of the battle of Ping-Yang concludes that there were only 5,000 Chinese engaged, and that their loss was under 4,000.

The Times correspondent at Tientsin cables that 5,000 Russian troops are posted on the Corea frontier facing the Japanese force at Hun-Chun, nine miles north of the boundary.

Assaults on foreigners at Peking and its environs which have constantly occurred during the last 10 years, are increasing in frequency and gravity, as has always been predicted, must happen owing to the toleration of the foreign representatives who are really the responsible parties. Each minister, thinking to conciliate the government, leaves his colleagues to make protests, the result being plenary indulgence to street rowdies. For the same reason commercial rights are invaded with impunity. Serious troubles must eventually follow unless the foreign agents deal firmly with the government.

May Lose Their Heads.

LONDON, Oct. 10.—The Standard publishes a letter from Peking stating that Li Hung Chang's nephew, Li Chung Chin Shen, the Tactful, and Yuan, another official, are charged with selling 250,000 piculs of Chinese rice to Japan in the early part of the year. The rice was sent out of the country by means of duty-free passes which were obtained under the pretext that the rice was for the relief of the famine sufferers in Corea. The letter adds that the public demand the execution of the officials as traitors.

European Powers Acting in Harmony.

LONDON, Oct. 10.—The Associated Press learns on the best authority that the European powers are acting in harmony. They do not intend to permit the integrity of Corea to be disturbed, and will actively enforce this decision should Japan attempt a permanent occupation of the peninsula.

Japan's Second War Loan.

YOKOHAMA, Oct. 10.—A majority of the Japanese ministry has decided against issuing a foreign loan, but has decided upon a second war loan of \$50,000,000 to be raised in Japan. This, with the proposed additional taxes will bring the governmental fund up to about \$130,000,000.

To Protect German Interests.

LONDON, Oct. 10.—A dispatch to The Times from Berlin says: Rear Admiral Hollman will start for China Oct. 20. The Irene, the new flagship of the German squadron in the far east, will go into commission Nov. 1.

Orders For Ammunition.

LONDON, Oct. 10.—The Birmingham correspondent of The Standard says: Firms here are executing enormous orders for ammunition which it is supposed is shipped to the continent and thence to the east.

French Cruiser Sails For China.

BREST, Oct. 10.—The new French cruiser Isly has sailed hence for the Chinese station.

HIS MALADY INCURABLE.

The Czar of Russia Can Not Live but a Few Months Yet.

LONDON, Oct. 10.—The correspondent of The Standard at St. Petersburg telegraphs that he has learned from an eye witness that Professor Zacharin while in attendance upon the czar said to him: "Your majesty's malady is incurable. With care and attention your valuable life may be prolonged for some months, but it is useless to conceal the fact that no remedies will avail beyond a certain period."

The emperor, after the interview, entered a room in which a number of his relatives were assembled and said: "Professor Zacharin has just told me there is no hope."

The emperor was visibly affected and those present were thrown into a state of consternation by the change in his face and bearing. They greatly blamed the professor for his frankness.

The correspondent adds: "I can not doubt the authenticity of the foregoing."

Sold Brigands.

PARIS, Oct. 10.—The Chateau of St. Pierre des Portes de Hyeres, an ancient residence that is usually rented by foreign visitors to the Riviera, was the scene of a desperate attack of Italian brigands. The attacking party attempted to carry the place by assault, using scaling ladders. A number of servants made a desperate resistance and succeeded in holding the brigands outside the walls. While the fight was being waged a number of gendarmes approached the place, whereupon the brigands fled.

CHILIAN CLAIMS.

The Money Has at Last Been Paid—Deduction of 5 Per Cent.

WASHINGTON, Oct. 10.—The Chilean government, through its minister here, has just paid into the state department \$245,564.35, being the amount of the judgments rendered against Chili by the Chilean claims commission, which closed its work in Washington three months ago. Most of these claims are based upon injuries sustained by American citizens resident in Chili and Peru during the war between these countries.

From the total amount of the judgments there was deducted 5 per cent, amounting to \$12,278.21, in accordance with the provisions of the treaty, to pay the expenses of the commission. All awards will be paid by the state department immediately to the persons who obtained judgments as follows: Central and South American Telegraph company, \$35,637.60; W. S. Shrimley, \$1,831.70; Gilbert Bennett Borden, \$5,728.13; Wells, Fargo & Company, \$27,735.23; Jennie R. Read, \$10,981.08; Edward C. Dubois, \$147,470.40. 5 per cent having already been deducted in each case.

SHIP CANAL SCHEME.

Lake Erie and the Ohio River May Some Day Be Connected.

PITTSBURG, Oct. 10.—The provisional committee of the proposed ship canal met yesterday to hear the report of the engineering committee. The latter has gone over the several routes and reports that the building of the canal is entirely feasible, and would be of immense value. The committee could not recommend a route, but suggested that an appropriation be made for the purpose of surveying the several lines.

Acting on the recommendation of the engineering committee the chamber of commerce decided to at once issue \$100,000 in bonds for this purpose. Erie, Pa., and Galena, O., are both anxious to have the terminus of the canal and each offering flattering inducements.

It is said that English capitalists are willing to invest \$30,000,000 in the scheme. The feeling among the committee, however, is that the money can be raised in this city.

No More For Cockran.

NEW YORK, Oct. 10.—The World says that Congressman Bourke Cockran will not be a candidate for re-nomination. He announced his determination to Mayor Gilroy, and said: "My private affairs have been sadly neglected for the past year, and I feel it incumbent on me to decline a re-nomination. Until election day, however, I shall have no other occupation than that of laboring with all the energy at my command for the election of David B. Hill and the preservation of the Democratic party in this state."

Obstructed a Railroad Track.

ST. LOUIS, Oct. 10.—William Buck was tried before Judge Edmunds in the criminal court yesterday on a charge of obstructing a railroad track. He was found guilty and sentenced to two years in the penitentiary. Buck is one of the wreckers who placed an obstruction on the Missouri Pacific track during the recent strike of the American Railway union in this city, causing the wreck of the terminal engine. Richard Brown, another one of the wreckers, was also found guilty, and given a similar sentence.

Anti-Hill Democrats in New York.

NEW YORK, Oct. 10.—A third state ticket has been put in the field by the Democracy of Kings county, and it is expected it will be endorsed by the Independent Democrats throughout the state. The ticket presents as the candidate of the anti-Hill Democracy for governor Everett P. Wheeler of New York city and endorses the candidacy of the regular Democratic nominees for lieutenant governor and judge of the court of appeals—Daniel L. Lockwood and Charles F. Brown.

Killed the Girl That Refused to Marry Him.

SCRANTON, Pa., Oct. 10.—Mary Kersee was shot and killed by Frank Bezick yesterday at Olympian, a small mining town near here. The girl had refused to marry Bezick. He purchased a revolver yesterday, and going to the girl's house, caught her as she was going to the well. Seeing him, Mary fled into the house. Bezick pursued the girl and shot her. He then fled, but was captured and placed in the county jail.

Columbia Disturbed.

NEW YORK, Oct. 10.—The steamer Adirondack from South American ports brings news that affairs in Colombia are in a very much disturbed condition. Since President Dr. Rafael Murex died there are two political factions fighting for supremacy, and a revolution seemed imminent. All the laborers working on the railroads have been impressed into the army.

Forced to Shut Down.

GAS CITY, Ind., Oct. 10.—The hot roll department in the Moorwood tinplate mills has closed down indefinitely. The owners of the mill say they can not run the roll department unless a reduction of 25 per cent in wages is made, and the men refused to accept this. Three hundred men are idle in consequence.

Cotton Crop Damaged by Frost.

MEMPHIS, Oct. 10.—Telegrams to the Associated Press report a light frost in west Tennessee, north Mississippi and eastern Arkansas Monday night. The damage to cotton is believed to be considerable.

Declines to Run For Congress.

PATERSON, N. J., Oct. 10.—Preston Stevenson, the Democratic nominee for congress to succeed Congressman Cadmus, has formally declined to run.

TILLMAN'S TRIUMPH.

The Governor of South Carolina Wins a Victory.

DISPENSARY CASES SETTLED.

The State Supreme Court Held the Public Bar Measure to Be a Constitutional One, An Active Warfare Will Now Be Begun Against "Blind Tigers"—A Firm Stand Taken.

COLUMBIA, S. C., Oct. 10.—The decision of the supreme court in the dispensary cases has been filed. Justices Pope and Gary declare the law constitutional, while Chief Justice McIVER dissents. Justice Gary argues the regulation of the manufacture and sale of intoxicating liquor comes within the police power of the state and that the dispensary is such a regulation of the traffic, that there is no inherent right in anyone to sell liquor, and that being the case the state has a right to prohibit the sale altogether or to so control it as it deems best for the general welfare. Justice Pope assents to this finding. Chief Justice McIVER dissents and reiterates the position taken by him when the law was declared unconstitutional.

Governor Tillman will now begin an active warfare against "Blind Tigers," which have been flourishing without much molestation since the act was declared unconstitutional. It is more than likely that some kind of a case will be gotten up which will bring the question into the supreme court of the United States.

Governor Tillman declared in an interview that "places will go to work and search all places where they have reasons to know that liquors are kept, and private residences will not be exempt when they are made depots for the storage of whisky."

He says the townspeople have nothing to gain and everything to lose by their opposition to the enforcement of the dispensary law. In case mayors and the police fail to co-operate with the constables, the governor says such municipalities will receive no share of the profits and the legislature will likely institute police system in them under control of the state. Trial justices are threatened with dismissal unless they do their duty, and if juries fail to convict a change of venue will be taken.

The governor concluded by saying: "The law has come to stay and the sooner that the fact is recognized by the whisky men and those who have opposed it, the better it will be for all concerned."

No resistance will be tolerated, he says, for he has 2,000 men he can concentrate at any point in 48 hours to carry out the law.

A Baby's Miraculous Escape.

MUNCIE, Ind., Oct. 10.—Ed Jones, colored, employed by the Warren Scharf Asphalt Paving company, accused Lee Francis, colored, with robbing him while Jones was asleep in Francis' bed. The accused man drew a 38-caliber revolver and began firing. The first ball pierced the upper part of Jones' left ear, and the next went through a cradle pillow on which a baby was asleep, but the child was not hurt. Jones then knocked Francis senseless with his big fist. The trouble occurred at C. F. Manlove's boarding-house. Francis is in jail. He lives at Middletown, O., and Jones at Nashville, Tennessee.

Assaulted His Mother With a Hatchet.

TERRE HAUTE, Ind., Oct. 10.—Benjamin Musgrave, a laborer, made a murderous assault on his aged mother with a hatchet yesterday. Mrs. Musgrave is 65 years of age and it is thought she can not recover. The cause for the attempt at murder is a mystery which the world-beatricide himself can not explain. He got a hatchet and began chopping his mother, who was yet in bed asleep. The woman's head is literally chopped to pieces. Will Musgrave, brother of the prisoner, was seriously cut while attempting to disarm his crazed brother. Ben is in jail pending the result of his mother's wounds.

Wheel Company Organized.

INDIANAPOLIS, Oct. 10.—The Commercial Wheel company completed its organization here yesterday. This company will market fully 50 per cent of the wheels manufactured in this country, but will not engage in manufacturing. The prices on wheels, as announced to the trade, are less than wheels sold for a year ago. It is not the company's purpose to run a high market, but merely to make a nominal profit. The headquarters of the company will be located in the Union block, this city.

Christian Science Treatment.

RICHMOND, Ind., Oct. 10.—Some days ago Mr. and Mrs. Harry Forbes, living near Williamsburg, allowed their little daughter to die without medical attention. They said that she was being doctored by the absent treatment of Dr. James Armstrong, a famous Christian scientist of Boston. The humane society investigated the case and has announced its intention to prosecute the parents of the child for a criminal offense.

New York Municipal Ticket.

NEW YORK, Oct. 10.—After one of the liveliest times witnessed in this city, the New York state Democracy yesterday evening nominated the choice of the committee of 70, Colonel William L. Strong for mayor, John W. Goff for recorder, and Henry R. Beekman for justice of the superior court.

DOINGS OF THE PRINTERS.

Second Day's Session of the International Typographical Union.

LOUISVILLE, Oct. 10.—The second day's session of the 43d annual convention of the International Typographical union reconvened at Odd Fellows' hall promptly at 9 o'clock. All the delegates were present and the convention at once proceeded to business.

Ex-President Higgins of the local typographical union delivered a speech on the per capita tax question, but it was not received with much favor.

An amendment was offered that the time of the meetings be changed from the first Monday in October to the first Monday in September. The principal argument in favor of changing the time was that the weather would be better in the northern cities, where a majority of the conventions will be held. This caused a heated debate, resulting in the defeat of the amendment.

The next question of importance was that of changing the per capita tax according to the earnings of the men. It was decided to leave the matter with the local unions.

The question as to how to expose those unions that were in arrears in the membership dues was also argued. It was decided to publish them in The Journal.

The convention adjourned at 12:30 o'clock.

The delegates were driven at 2:30 in the afternoon to the school for the blind. This is, with one exception, the only place in the United States where publications for the blind are printed, and the visitors consider this visit in the nature of a treat.

St. Paul Wants the Next One.

ST. PAUL, Oct. 10.—A letter was mailed by Mayor Smith of this city last night to Louisville cordially inviting the International Typographical union to hold its next convention in this city. A similar letter, as well as a telegram, was sent by the Commercial club. Strong efforts will be put forth to bring the convention to St. Paul and the gentlemen who have the matter in charge feel confident of success.

THE LICK SCHOOL.

Established by a Bequest of James Lick, Will Open Next July.

SAN FRANCISCO, Oct. 10.—The Lick school, established by a bequest of the late James Lick, for a combined manual and trades school course of four years, will be opened for classes on July 7, 1895. Many applications for admission have been received already. Most of the professors of the various departments have been selected. Principal George A. Merrill is now in the east selecting improved machinery and apparatus for the institution. The manual training course as a whole must be taken by all pupils. There are to be 15 technical courses, but after the third year the student may select to continue for 18 months in one of these technical courses. There will be no charge for tuition, but students must furnish their own books, drawing instruments, and pay the actual cost of working materials.

Tragedy at Texarkana.

LITTLE ROCK, Oct. 10.—Another bloody tragedy was enacted at Texarkana yesterday afternoon when Dick Johnson, a gambler, stuck a double-barrel shotgun into the face of C. E. Dixon, another gambler, and blow his head literally off, scattering his brains on the pavement. The two men had an altercation in the afternoon and Dixon threatened to kill Johnson in case he failed to produce a certain letter by 6 o'clock. Johnson claimed that the letter had been destroyed at 5:30. Dixon took up a position in front of a saloon frequented by the two men. A few minutes later Johnson emerged from the resort armed with a shotgun, and without warning raised the weapon and shot Dixon in the face, killing him instantly.

Commercial Travelers' Home.

BINGHAMPTON, N. Y., Oct. 10.—The cornerstone of the commercial travelers' home of the United States was laid by the Masonic grand lodge of New York, Grand Master John Hodges officiating. The home as projected will cost \$125,000. The structure will be five stories in height with a basement. The prevailing style of architecture will be Parisian with a blending of renaissance. The building will be surmounted by a tower, and on the east side will be an observatory, overlooking Ross park. The size of the building will be 275 feet on the principal front and 95 feet on the left side.

Tremendous Oil Strike.

WABASH, Ind., Oct. 10.—A tremendous oil strike was made on the Robert Gammell farm south of Binfion. When the drill penetrated the rock the oil came with a rush and it is estimated that the well has already produced 800 barrels, all of which was wasted. No provisions having been made to care for it. It is good for 1,000 barrels every 24 hours.

Fell Seventy-Five Feet.

PORTLAND, Ind., Oct. 10.—George Barnes, a rigblender, fell 75 feet from the top of a derrick in the oil field near Pennville yesterday. He was terribly crushed, but lived one hour. Barnes was a married man, 26 years old.

Louisiana's Second.

NEW ORLEANS, Oct. 10.—The Democratic convention of the Second Louisiana district nominated Charles F. Buck for congress, Judge Davoy having declined the nomination.

Killed by the Cars.

BRAZIL, Ind., Oct. 10.—William Todd, a young married man of Rosedale, fell under a freight train on the Chicago and Indiana Coal railway and was cut to pieces.

COAL MINE BURNING

Five Men Meet a Horrible Death at Shamokin, Pa.

SIXTY-FIVE MINERS ESCAPE.

Four of the Dead Bodies Are Still in the Mine With No Hope of Being Recovered—The Mine to Be Flooded, but It Will Take Six Weeks to Put Out the Fire.

SHAMOKIN, Pa., Oct. 10.—While carpenters were at work repairing the timber in the Luke Fidler shaft a miner's lamp on the head of Irvin Buffington ignited the wood, and a fierce fire ensued.

The carpenters gave an alarm and 70 miners commenced a race for life as the mine was filling with smoke. Through a shaft now in course of construction they were hoisted to the surface in an iron bucket, a great crowd cheering as the men reached the mouth of the pit. During the rescue the flames came up the air-course and burned the fanhouse, and the fire department was called into service.

Superintendent Morris Williams and Mine Inspector Edward Brennan heroically entered the burning mine to seek for lost or exhausted men. Irvin Buffington was found dead. It is known for a certainty that George Brown, a well known politician; John Gierza, a laborer; Anthony Robert, a driver boy, and Michael Buzofskie, a laborer, are still in the mine. Heroic efforts are being made to reach them, without, however, much hope of success.

It is the fiercest mine fire known in the region. The colliery is operated by the Mineral Mining and Railroad company, and gave employment to over 500 men.

It has been decided to drown out the fire, but it will require six weeks to fill the inside workings with water. Operations can not be resumed at this mine for at least two years. It employed 900 men and boys and its pay roll averaged \$25,000 per month.

CONVICTED BY HIS SON.

A Discharged Employee Attempts to Wreck a Passenger Train.

PITTSBURG, Oct. 10.—William Law, a former employe of the Fort Wayne railroad, was convicted yesterday of attempting to wreck a passenger train to gratify a spirit of revenge. Law was employed as a division hand and was discharged early in September. A few days later, on Sept. 13, passenger train No. 44 was stopped just in time to avoid running into an immense boulder that would have dived the train and cost, perhaps, many lives.

The case was investigated and Law was arrested. At the trial Law's little son was placed on the stand for the prosecution, and testified that his father went out on the night the boulder was found on the track, saying that he was going to kill 100 people. Afterwards he said he had placed a rock on the track. No defense was made, Law himself not going on the stand. It was proven that Law was drunk at the time the offense was said to have been committed.

Attempt to Hold Up a Saloonkeeper.

ST. LOUIS, Oct. 10.—Just about midnight, last night, when Michael Sullivan, a North Broadway saloonkeeper, was preparing to close up, four masked men appeared and demanded his money. Sullivan refused to comply with their commands when they opened fire on him with revolvers, wounding the doughty saloonkeeper. The injured man reached for his shotgun and fired the contents of two barrels into the body of the leader of the gang. His three companions escaped. The wounded robber, who refused to give his name, was taken to the city hospital, where it is said he can not live. Sullivan is also thought to be fatally wounded. Two customers, who were in Sullivan's saloon at the time, were wounded by flying bullets, one very seriously. This is the second affair of the kind that has occurred within the past three days.

Secret Boycott Made Public.

CHICAGO, Oct. 10.—Noell McCall, chairman of the railroad committee of the Travelers' Protective association, has issued a secret circular to the members of his organization, urging them to boycott all the railroads in the Western Passenger association, with the exception of the Chicago, Milwaukee and St. Paul and the Wisconsin Central because of the refusal of the other roads in the association to issue at the request of the Travelers' association and for the benefit of traveling men generally, an interchangeable 5,000-mile ticket. The Travelers' Protective association is a powerful organization, having, it is alleged, fully 50,000 members.

Hanged by a Mob.

IRVINE DEPOT, Ky., Oct. 10.—Alexander Richardson, who murdered Mrs. Emily White Saturday afternoon, near Irvine, was taken from the jail by 100 determined men, who took him to a bridge a mile from town and hung him. The mob was a very quiet and orderly one. Richardson protested his innocence to the last and told the mob if they hang him they would hang an innocent man.

More Fatal Than Anticipated.

BRISTOL, Tenn., Oct. 10.—The wreck of the Washington and Chattanooga limited Sunday last, has proven more fatal than anticipated. Engineer Sam Smith died yesterday, while Mail Agent Tucker can not live. Three others thought to be only slightly injured are now in a dangerous condition. The property loss will exceed \$100,000.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

DELIVERED BY CARRIER:
P 7 WEEK.....6 cents

WEDNESDAY, OCTOBER 10, 1894.

DEMOCRATIC TICKET.

November Election, 1894.

For Congress,
R. K. HART, of Fleming.

For Appellate Judge,
THOMAS H. PAYNTER,
of Greenup.

County Judge,
THOMAS R. PHISTER.

County Clerk,
T. M. PEARCE.

County Attorney,
FRANK P. O'DONNELL.

Sheriff,
J. C. JEFFERSON.

Assessor,
JOHN C. EVERETT.

Surveyor,
W. C. PELHAM.

Coroner,
J. D. ROE.

Jailer,
R. C. KIRK.

MAGISTERIAL DISTRICT NO. 1.
Justice of the Peace,

I. L. McILVAIN.

Constable,
SAM. STRODE.

MAGISTERIAL DISTRICT NO. 5.
Justice of the Peace,
Q. R. SHIPLEY.

Constable,
W. H. CORYELL.

Generally fair weather; slight-
ly warmer.

The frosts this week have damaged
the sorghum crop in Eastern Kentucky.
Another chance for Republican calamity-
howlers.

ARE you doing anything for the Demo-
cratic ticket? If you are not, go to work.
Don't expect the other fellows to do it
all. You must get out the full vote.

The great Missouri weather prophet,
Professor Hicks, says next year will be
one of abundance and prosperity. The
new tariff bill, you see, will be getting in
its work by that time.

Hon. R. K. HART, during his three
terms in the Legislature, has demon-
strated his fitness to represent this dis-
trict in Congress. He is the superior, in
every way, of Judge Pugh.

ANOTHER Republican prediction that
hasn't panned out. Zinc ore was placed
on the free list by the Democratic tariff
bill, and the prediction was made that
this would knock the bottom out of
prices. But Dr. H. B. Savage writes
from Galena, Kan., that contrary to ex-
pectations the price has already "ad-
vanced from \$16 to \$21 a ton" and they
look for it to go still higher.

It's a mighty poor Republican editor
who can't fill his paper with "campaign
lies" these days. They've all been blowing
that Colonel Owens is afraid to meet
Judge Denny in joint debate up in the
Lexington district, but Mr. Owens is
meeting his opponent all the same. At
Lagrange Monday they spoke, and Judge
Denny no doubt wished before the meet-
ing was over that his opponent had re-
fused to meet him on the stump. Denny
presents a sorry spectacle going about
over the district begging Democrats to
vote for him, saying "nobody will know
it, if you do."

THE value of sheep in the U. S. has
decreased more than \$36,000,000 in one
year. Another Democratic blessing for
the farmers.—Flemingsburg Gazette.

In 1870 in the States of New York, Penn-
sylvania, Ohio, Indiana and Illinois there
were 12,085,480 sheep, and wool was
worth 45 cents. In 1894 after twenty-
four years of protection there were in
the same States 8,632,570 sheep, and wool
was worth 20 cents, a loss of 3,452,910 in
the number of sheep and over 100 per
cent. decline in the price of wool, and all
this decline occurred under the benefi-
cent workings of a Republican high
tariff! Please explain this, Mr. Ga-
zette, while you are harping on the
sheep and wool question,

CHEAPER SUGAR.

CHICAGO, October 7th.—Beginning to-
morrow morning a war in sugar prices
will be inaugurated by the wholesale
grocers of Chicago. Last May the grocers
formed an organization to insure a
uniform profit on sugar. Last Friday a
circular was mailed to all the members
of the association, notifying them that
after October 8th the rules of the as-
sociation would be suspended indefinitely.
Almost every jobber and wholesale
dealer being loaded to the brim with
sugar, with the new crop coming in
within a few weeks, the prediction is
made that the price of sugar during the
coming week will reach the lowest point
in many years.—Public Ledger.

Hi, there, Br'er Davis! This will never
do. What does it all mean anyhow?
And you have been croaking so much
about the high price of sugar under the
new tariff bill, too!

ODDFELLOWS IN SESSION.

The New State Officers of the Rebekah
Lodges—The Grand Lodge of
Kentucky.

The State convention of the Rebekah
Lodges was held at Paris Monday. The
report of Mrs. Seahorn shows that the
lodges are in a flourishing condition.
Grand Representative Cox presented an
excellent report regarding the revision of
the laws pertaining to Rebekah lodges,
made at the late session of the Sovereign
Grand Lodge. The election resulted in
the choice of the following officers:

President—Mrs. Lottie Martin, of Maysville.
Vice President—Mrs. Belle K. Salter, of Lexington.
Secretary—Mrs. A. T. Million, of Richmond.
Treasurer—Mrs. Sallie Wood, of Lexington.
Grand Marshal—Mrs. Rebecca Fothergill, of Paris.
Grand Conductor—Mrs. Dora V. Knobel, of Newport.
Grand Chaplain—Miss Gracie Grant, of Frankfort.

The Grand Lodge of Kentucky con-
vened Tuesday and will remain in ses-
sion several days.

Last night the Grand Lodge officers
were honored guests at a theatrical en-
tertainment at the Paris opera house.

To-night they will be given a banquet by
Paris Lodge.

Many of the visitors are being enter-
tained at private houses, and everything
is being done to make the stay in Paris
of each Oddfellow a pleasant one.

Jacob Boone.

In answer to the inquiries in the BUL-
LETIN of the 9th instant, relative to the
descendants of Jacob Boone, Mr. Geo.
R. Gill informs us that the lineal descend-
ants of Jacob, by the name of Boone,
live or did recently live in Brown and
Adams counties, Ohio, and in Robertson
County, this State, and he has talked
with them.

The late Strother B. Nicholson, of
Maysville, Mr. Gill thinks was a grand-
son of Jacob Boone. Jno. P. Ricketts,
deceased, while not known to be a kins-
man, had at or before the time of his
death some papers relating to the family
history of the Boones.

Charles James Nicholson and others
of the name in Mason County and Judge
W. P. Coons, of Augusta, can give further
information.

Mr. Gill has in his office a shelf made
of wood more than 100 years old, which
was part of an heirloom in the Nicholson
family.

Mistaken Identity.

Jule Walters, the tramp in "Side
Tracked," once had a peculiar experience
with the authorities in a Kansas town.
It appears the company made an enorm-
ous jump. Not arriving in the town
where they were billed until 8 o'clock,
the members of the company made up
for their respective parts on the train so
as to be ready for the performance
immediately upon arrival. Walters
jumped off when reaching the station,
to take a short cut, but was placed under
arrest by the City Marshal as soon as he
alighted. He could not induce the big
Marshal to release him until the local
manager was located. Then the Marshal
smiled and said Jule Walters was the
most natural looking tramp he ever saw.
He came up and witnessed the per-
formance and presented Walters with a
handsome cane. See Walters at the
opera house next Saturday night.

All Free.

Those who have used Dr. King's New
Discovery know its value, and those who
have not, have now the opportunity to try
it free. Call on your druggist and get a
trial bottle, free. Send your name and
address to H. E. Bucklen & Co., Chicago,
and get a sample box of Dr. King's New
Life Pills, free, as well as a copy of Guide
to Health and Household Instructor, free.
All of which is guaranteed to do you good
and costs you nothing, at J. J. Wood's
drug store.

For Spot Cash.

Mr. George Runyan will engage in
business at Tollesboro about October
15th,—in the old Wallingford stand,—
where he will offer a choice stock of fam-
ily groceries, boots, shoes, &c., for spot
cash, at prices to suit the times. Fair
profits and honest goods at the lowest
prices goods can be sold for is what he
promises.

The Old Friend

And the best friend that never
fails you is Simmons Liver Regu-
lator, (the Red Z)—that's what
you hear at the mention of this
excellent Liver medicine, and
people should not be persuaded
that anything else will do.

It is the King of Liver Medi-
cines; is better than pills, and
takes the place of Quinine and
Calomel. It acts directly on the
Liver, Kidney and Bowels and
gives new life to the whole sys-
tem. This is the medicine you
want. Sold by all Druggists in
Liquid, or in Powder to be taken
dry or made into a tea.

sores, tetter, chapped hands, chilblains,
corns, and all skin eruptions, and posi-
tively cures piles, or no pay required. It
is guaranteed to give perfect satisfaction
or money refunded. Price 25 cents per
box. For sale at J. James Wood's.

In Season and in the Lead

What is of the greatest moment just now to the ladies are
the queries: Where can we find the greatest variety of season-
able goods? Where can we get the most for our money? The
answer to these questions will be found in our store, and in the
following price list:

DRESS GOODS.

A complete line of Wool Serges, good quality, at 25 cents;
forty inch Silk and Wool Fancy Cheviots, 50 cents; fifty inch Storm
Serge, 50 cents; forty-six inch Pilot Cloths, in all the new shades
and mixtures, 65 cents. These goods must be seen to be appreci-
ated.

Underwear and Hosiery.

We are pleased to announce that we have the most complete
stock of these goods ever placed on sale and invite buyers to exam-
ine the multitude of designs and styles. Ladies' Ribbed Merino
Vests, in White and natural mixture, only 25 cents, usual price 50
cents; Ladies' Natural Wool and Medicated Vests and Drawers, 50
cents each; Ladies' Seamless Black Hose, 8 to 10, only 15 cents,
usual price 25 cents. Our 25c. and 35c. qualities should be seen by
everybody who appreciates a bargain.

In Coats and Wraps, in Dress Goods, in every department
we can conscientiously say that the "times" have stimulated us
to greater activity. Our display has never equaled the present.
Our business is to have what you want and to please you when
you call.

D. HUNT & SON.

DISEASE GERMS IN MILK.

How They May Be Killed by Pasteurizing
the Fluid.

The simplest way to pasteurize milk is
to place it first in clean bottles. Then
put the bottles into a large kettle or
other metal receptacle. Pour cold water
into the kettle until the water reaches
the level of the milk in the bottles.
Now close the mouth of each bottle
with a plug of clean white cotton fiber.
Heat the kettle and contents to 155 de-
grees F. Then remove from the fire and
cover the whole affair snugly with a
woolen cloth to keep from cooling at
once. Leave half an hour, then take out
the bottles and keep them in running
water or in any cool place, leaving them
still stoppered with the plug of cotton.

The flexible wooden stoppers used
with some kinds of patent glass jars
would answer in place of cotton, the
object being to exclude air, dust and
germs. Be careful not to heat above 155
degrees, or the milk will not taste quite
right. In practice it will be found a
good idea to make easier the circulation
of the hot water by placing a wire
frame an inch or two in height in the
kettle beneath the bottles.

Milk carefully treated by the above
process may be warranted free from
disease germs, and it will keep sweet
about 24 hours. Many a milkman could
get up a fancy trade at advanced prices
on milk treated in this way. For ship-
ping milk long distances none of the
methods, except by icing, has been yet
sufficiently tested to be recommended.
—Massachusetts Ploughman.

Ants Wearing the Green.

"I once witnessed an interesting but
peculiar spectacle in animal life, and
one which I have never been able to ac-
count for," remarked Abraham I. Givens
of Brenham, Tex. "I was going
home just at nightfall over a sandy road
when I noticed directly in front of me
what appeared to be a long line of green
ribbon about one-half an inch thick. I
stooped to examine it, and to my aston-
ishment found that it was a procession
of ants marching three or four abreast
in very close order, each one carrying a
little piece of green leaf. The effect was
a continuous line of green without any
break. I went back to find the begin-
ning, but as it issued from the grass at
the roadside I was unable to trace it
farther in that direction. I then follow-
ed it for several rods until it entered
the grass on the other side and was lost
to sight. Whether it was Palm Sunday
or St. Patrick's day with the ants or
some political jubilee they were celeb-
rating has always remained a mystery
to me."—St. Louis Globe-Democrat.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Corner of Second and Sutton Streets.

THE CROPS.

What the State Commissioner of Agriculture Says of the Outlook.

State Commissioner of Agriculture McDowell in his monthly report says: "There has been no very material change in the condition of the corn crop since my last report. The weather has been fine for drying and maturing. Cutting is progressing well, and wheat sowing has commenced. In many localities the crop is good, and where it has been slacked for feeding purposes the yield is fully up to expectations. The Government report for September makes a bad showing for corn. A special report from eight Western States shows that out of an aggregate of 40,873,984 acres planted, there has been abandoned or cut up for fodder in round numbers 15,500,000, or 38 per cent. The statistician estimates this abandoned area to amount to about 20 per cent. of the entire acreage planted in the United States. The average condition of corn in Kentucky is placed at 84.2 per cent.

"The indications are that there will not be a large crop of wheat sown this fall; the rains came too late to prepare the lands for plowing, and the very low price has discouraged the farmer from planting a large crop. Some are substituting barley and others rye. Very much of the present crop is being fed to hogs, which will be a vast saving to the corn crop. I have asked the correspondents this month as to the average yield per acre this year. The average is placed at 14.5 bushels, and all agree that the quality is superior, and is placed at 96 per cent.

"The rye crop of the largest producing States shows a very fair crop. The indications are that there will be a larger crop raised in Kentucky next year than usual. The crop has been so small that it has been difficult to get a very accurate report. The average yield per acre is placed at 14.3 bushels. The quality of the grain is placed at 91 per cent.

"The average yield per acre of oats is placed at 22.7 bushels. The average quality is placed at 87 per cent. The Government Statistician says "that as this is the last report on the condition of this crop for the present season, it may be taken as indicating a crop considerably below the average."

"The average yield per acre for barley is 24.2 bushels. There will be a larger acreage of barley sown this year than usual.

"The early crop of potatoes made a fair yield in most localities, but the late crop very much reduces the average. The average condition of the crop on October 1st is 70.3 per cent.

"The money from the sale of hogs is more generally distributed among the farmers than that of any other class of stock. I have, therefore, tried to get as full a report from all over the State as possible as to the amount being fed this fall. From all reports there will be a shortage of 15.7 per cent. From the Government report as to the number of stock hogs to be fed this fall shows a reduction of 10 per cent. as compared to last year. In the Western States where the drought was most severe, hogs are being driven to more favored localities for feeding, and pigs are being very little cared for. The county of Monroe "reports cholera raging among the hogs, and some diseases from other counties are reported."

"I inquired this month as to the average number of cattle for feeding purposes. A general resume shows that there is a deficit in number of 12 per cent.

"Correspondents from nearly every county report wonderful improvement in tobacco in the past six weeks. The most improvement has been in the "white burley" region. Per cent. for white burley, 87. Per cent. for dark tobaccos, 89.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

OWINGSVILLE Outlook: "Several conservative Republicans of this city will vote for Hon. Rolla K. Hart for Congress because he is an able and honest champion of the people—the masses against the classes. He is the true friend of the people because he is one of the people by instinct and avocation. Hart is a man conservative in his opinions, an honest, hard-working and well informed farmer, and will make a useful member of Congress. With more well-informed business men and farmers in Congress and fewer pettifogging lawyers our laws would be better for the masses instead of the classes. Vote for Hart."

TORNADO policies—W. R. Warder, agt.

ANOTHER heavy frost this morning.

THE Bracken Circuit Court is in session.

Pancake flour and maple syrup—Calhoun's.

SEE P. S. KEMPER—fire, life and tornado insurance.

Tobacco insurance is a specialty with Dunley & Baldwin.

REV. H. D. CLARK, of Mt. Sterling, is assisting in a protracted meeting at Elizaville.

THE friends of Mr. Bruce Austin will regret to learn that he has been ill a week or so at his home in Washington City.

BEUZETTA won the Kentucky Futurity race at the Lexington trots Tuesday, Futurity second, Celaya third. Best time, 2:14.

WHAT'S your excuse for suffering with a headache when Chenoweth's Headache Cure is guaranteed to cure you or money refunded?

HON. DAVID TARBELL, of Georgetown, was unanimously nominated for Judge Tuesday by the Democrats of the Fourth (Ohio) Judicial district.

OVER 100 passengers left here on the C. and O. trains this morning for Cincinnati. Many went down to attend the "Pure Food Exposition."

MRS. FRANK BRAZIER, a sister of Col. R. W. Wilson of Newport, died a few days ago at Anderson, Ind. She leaves some relatives in this city.

THE marriage of Mr. J. E. Throckmorton, of Bourbon, and Miss Ella Patton Powell, of this county, will be solemnized October 25th at the home of the bride.

LADIES, you are all invited to the cloak opening at Browning & Co.'s on October 19th. Don't forget the date, and don't fail to see their display of fall and winter wraps.

THE Northern Presbytery of Ebenezer convened at Frankfort Monday. Rev. Mr. Condit, of Ashland, was chosen Moderator and Rev. Mr. Whitehead, of Newport, Secretary.

P. LUZI wishes to inform the public that he is receiving direct from Baltimore first quality of bulk oysters which he will serve with neatness and dispatch at Eitel's restaurant.

THE B. FAY MILLS revival at Frankfort has resulted in additions to the churches, as follows: Baptist 92, First Presbyterian 82, Christian 71, Southern Presbyterian 24, Methodist 31, Episcopal 15.

THE Central Christian Church, of Lexington, raised \$10,000 in two hours last Sunday to pay off its indebtedness. Judge Mat Walton and Professor John Shackelford each contributed \$250.

THERE will be a joint meeting of the Ladies' Aid and the Mission Societies of the First Baptist Church this afternoon at 3 o'clock at the residence of Mrs. Agnes Egnew on Third street. A full attendance is desired.

CAPTAIN GEORGE TUDOR furnished the band for the first Germantown fair forty years ago, and he was out last week with his band, the same accommodating, clever-hearted, whole-souled gentleman he has always been.

THE river is getting troublesome again at the New Richmond chute. The Congo and Lizzie Bay both rubbed hard there Tuesday morning. If we don't have a rise within the next few days the large boats will have to go to the bank again.

LAST Sunday Rev. J. S. Sweeney was elected pastor of the Paris Christian Church for the twenty-fourth consecutive year. The vote of the congregation stood 432 for Sweeney, eleven for a change of pastors, and one vote for Rev. Mr. Yancy.

FLEMINGSBURG Gazette: "Mrs. J. H. Myers, of Maysville, is down with typhoid fever at the home of her brother, H. A. Kackley, in this city. She was not feeling well when she came up to visit him last week, and being taken sick was unable to return."

TWO tobacco firms at Princeton, Ky., have been sued for \$25,000 damages by H. S. Jarvis, of Crosby, England. The plaintiff claims he was defrauded out of \$25,000 on account of "nesting" in the hogsheads, and the tobacco he bought did not come up to the representations.

W. S. MORRIS, Superintendent of Motive Power of the Chesapeake & Ohio Road, has been asked by electricians of Germany for a statement as to the cost of lighting the F. F. V. limited and the Washington Fast Line, the two C. and O. crack trains, with the storage system of electricity. The Chesapeake and Ohio is the only road using the storage system for lighting its trains, and it has proved so successful that this inquiry has come from Germany.

PLUMVILLE LEADS OFF.

A Single X Democratic Club Organized Last Night—Large and Enthusiastic Meeting

The Democrats of Plumville precinct take the lead this year in the organization of a single X club.

The campaign was opened at that point last evening with a large and enthusiastic meeting. The speakers were Hon. R. K. Hart, Judge Phister and ex-County Attorney John L. Whitaker.

Before the meeting closed the Plumville Single X Democratic Club was organized. Forty-two members were enrolled, which is a good start. Mr. W. N. Oridge was elected President and Dr. W. H. Outten Secretary. The club will meet every Tuesday night.

Plumville will be thoroughly organized before election day rolls 'round. Let other precincts join in the good work. Organization is what is needed to get out the vote, and a full vote means a good Democratic victory.

The Democrats of Dover also held a large and enthusiastic meeting last night. Judge T. H. Paynter, Judge G. S. Wall and Mr. Frank P. O'Donnell, nominee for County Attorney, were the speakers. Dover always rolls up a rousing Democratic majority and this year will not be an exception. The Democrats of that stronghold can be relied upon to get out the full vote, and that's all that is needed.

Meetings will be held to-night at Orangeburg, Key's School House and Minerva. Hon. R. K. Hart, Judge Phister and ex-School Superintendent Galbraith will speak at Orangeburg, Commonwealth's Attorney Salter, Mr. Geo. R. Gill and Mr. George W. Sulser at Key's, and Judge Paynter, County Attorney Newell and F. P. O'Donnell at Minerva.

RACY TESTIMONY.

The Depositions in the Simonson Divorce Suit the Most Sensational Ever Filed at Flemingsburg.

Speaking of the Simonson divorce suit pending at that point, the Flemingsburg Gazette says:

"At the Circuit Clerk's office there are several large volumes of depositions, filed by the husband's attorneys, containing some of the most sensational and racy testimony ever put on record there. In them there is material enough for a dozen ten cent novels, and the old bachelors, middle-aged bachelors and young bachelors—besides the married men—have been climbing over the top of one another in their efforts to get to read them. A motion was made by the wife's attorneys to have this testimony quashed on some technicality, which was done. This will necessitate taking them all over again. All the questions will be taken to the Court of Appeals, except the last."

Coal! Coal!

The Citizens' Coal Company, on Commerce street, Fifth ward, have received a supply of Pomeroy coal equal to the Peacock coal and will sell delivered, for cash, as cheap as any in the market. All orders filled promptly.

J. HAMILTON, agent.

THE gross earnings of the Chesapeake and Ohio Road for the fourth week of September were \$221,230, against \$240,998 for the corresponding week last year. Decrease, \$19,758.

A FINE line of goods most suitable for bridal presents can be had at P. J. Murphy's, the jeweler, at most reasonable prices. Before buying your bridal presents don't fail to see his stock and learn prices.

THE best is always the cheapest. This is especially true of jewelry, and Ballenger's stock is the best. When you buy anything in the jewelry line of him you get your money's worth. See the magnificent line of goods he is displaying.

THE marriage of Dr. Harvey Keller and Miss Delma Crutcher, well known young society people of Frankfort, is announced to occur early in November. Dr. Keller is the son of Hon. Green R. Keller, editor of the Carlisle Mercury and Clerk of the House of Representatives for several terms, and Miss Crutcher is the daughter of D. C. Crutcher of the well known firm of Crutcher & Starks, Frankfort.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise—a purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed, or money refunded. Price 50c. and \$1 per bottle at J. J. Wood's drug store.

KILLED HIS WIFE AND HIMSELF.

A Family Quarrel Ends in a Double Tragedy.

HOLLAND, N. Y., Oct. 10.—For several weeks past a family quarrel has been going on between Louis Kessler and his wife's parents, Fred Schleifer, the wife siding with the parents and staying with them on the farm where they had all been living until the ejection of Kessler. Kessler has been staying with a neighbor, Paul Becker, refusing food and passing his time in shooting at a mark with a revolver. He had used up several boxes of cartridges and this morning partook of some bread and coffee and with a motion toward the Schleifer farm, said:

"If anyone gets hurt over there today I will go to the woods and shoot myself." About 10 o'clock Kessler entered the Schleifer house and caught his wife, who was just passing to another room. He placed the revolver to the back of her head and shot her dead and then shot himself through the temple.

OLD SOLDIERS MURDERED.

Forty Veterans Have Been Killed and Robbed of Their Pensions.

DAYTON, O., Oct. 10.—Police search for the perpetrators of the two recent murders of veterans of the soldiers' home on pension day, develops a situation more horrible than the terrible Bender crimes in the west. Forty soldiers have been robbed and murdered at the national military home here and only passing notice has been taken of the crimes.

The Grand Army is taking hold of the matter, and the feeling exists that the government should place detectives here to collect evidence against the murderers, who have grown rich by robbing the veterans. Local police authorities can go no further than to give pointers that will surely lead to the arrest and conviction of the guilty ones.

DUST EXPLOSION.

One Man Killed, Two Fatally Injured and Eight Others Hurt.

NEWCASTLE, Wash., Oct. 10.—A dust explosion occurred in Breast 35 of the fifth level of the East Oregon Improvement company's mine yesterday, with the result that one miner is dead and 10 are seriously injured, two probably fatally. The dead man is George Parrish, aged 19. The two probably fatally injured are: David J. Lloyd, married, and Charles Giles, colored.

Those seriously injured are: George Dobson, Thomas Pitts, Max Kug, David Powell, Moses Harriold, W. H. Hughes, Jack Pauson and Albert Jennings.

Others were burned and some, who were knocked down by the force of the explosion, are more or less injured. The immediate damage to the mine is small.

SACRILEGIOUS THIEVES.

A Church Broken Into and Valuable Property Carried Off.

MEMPHIS, Oct. 10.—Thieves entered St. Joseph's Catholic church last night, broke open the tabernacle, stole several gold and silver vessels, carried off the contribution box, smashed a statue and tore down the drapery around the altar and chancel. The booty secured by the burglars is very valuable, and some of the relics can not be replaced, having been donated to the church by the Vatican and by friends in Europe.

The police believe the robbery is the work of a gang of negro footpads and burglars who have recently committed many depredations in South Memphis, and several arrests are expected.

Death of an Old Time Skipper.

SAN FRANCISCO, Oct. 10.—Captain William Cobb, one of the old time skippers of the Pacific Mail line, died at his home here yesterday in his 68th year. He was successively in command of the sidewheel steamer Chila, the City of Tokio, the City of New York and the Rio Janeiro. Though all of these vessels, save the Rio Janeiro, have been lost, none of them met disaster under the command of Captain Cobb. His death resulted from a stroke of paralysis, with which he was stricken two years ago. He was a native of Massachusetts.

Injured at a Fire.

BAY ST. LOUIS, Miss., Oct. 10.—Fire last night destroyed Fireman's hall, together with the truck and engine, Rosine Bennett's dwelling, Hortense Fayard's house, Eugene Ray's undertaker's shop and the summer residence of Adolph Anderson. Dr. R. J. Turner, James Ray and Christian Brother Dominick were injured by falling timbers. The students at the Brothers college distinguished themselves by heroic efforts to save property and stay the flames.

Murder Over the Election.

ATLANTA, Oct. 10.—James Chambers, a white Democrat, shot and killed William Weaver, a white Populist, in Early county in a quarrel over the election results. Both are prominent farmers. Chambers is in jail, and Populists threaten to take him out and lynch him. Democrats have armed themselves to defend Chambers. Excitement is at fever heat, and a bloody riot is feared, as both political parties in the county have made it a political fight.

Dollar May Cause a Murder.

KENTON, Ky., Oct. 10.—Clark C. Baker, son of Dr. James A. Baker and nephew of the late Governor Farvin Baker, struck John Louvey here and he is likely to die. The fuss originated over a dollar, which Louvey claimed Baker owed his son. The blow crushed John's skull. The affair is very sad, as Baker is a good young man and highly connected.

Stricken With Paralysis.

NEW YORK, Oct. 10.—General Ely S. Parker, who during the war was a member of General Grant's staff, has been stricken with paralysis again and little hope is entertained of his recovery.

Dwelling Destroyed by Fire.

WINCHESTER, O., Oct. 10.—The dwelling of Hoen Woods, one mile south of this place, was entirely consumed by fire yesterday, the contents being saved. No insurance. Bad fire.

Doctor Wounded by a Lawyer.

GENEVA, Nev., Oct. 10.—Dr. G. W. Gorman was dangerously wounded by Attorney W. T. Harris yesterday. The shooting occurred in the physician's office, where Harris had gone with Mrs. Harris to question the doctor as to rumors of his familiarity with Mrs. Harris. Both drew revolvers and exchanged shots. Harris escaped injury.

Shot the Woman That Teased Him.

FAYETTE, Mo., Oct. 10.—James White, a negro boy, aged 17 years, shot and instantly killed Della Morehead, also colored, near Roubidoux. The woman had been teasing the boy about another woman, which angered him, and upon her refusal to desist White shot her. The murderer is under arrest.

Insurrection in Ecuador.

NEW YORK, Oct. 10.—A special from Panama says: An insurrection has broken out at Calumbe, Ecuador. Señor Trivino, who took a prominent part in the revolution of 1895, heads the rebels, and troops have been sent from Quito to quell the uprising.

"Bunco" Kelly Confesses.

PORTLAND, Or., Oct. 10.—"Bunco" Kelly has made a full confession to the part he played in the murder of George W. Sayres, whose body was found floating in the river between Astoria and Mersey docks last Friday morning.

Asleep For One Hundred Hours.

SPRINGFIELD, O., Oct. 10.—Mrs. Williams, the sleeping wonder, is still in the same condition. She has been in a comatose state now for 100 hours. Doctors believe she can not recover. Apoplexy and paralysis are responsible for her condition. She lies like one dead, and can not be aroused.

Stabbed His Best Friend.

CONNERSVILLE, Ind., Oct. 10.—Fred Kelsey found Frank Bratten drunk and tried to take him to his home at Milton. On the way Bratten became violent and stabbed Kelsey in the side, inflicting a dangerous wound. Bratten was arrested and placed under bond.

Died While on a Visit.

INDIANAPOLIS, Oct. 10.—Mrs. Caroline Jaeger of East Seventy-fourth street, New York city, died suddenly in this city last night of heart failure. Mrs. Jaeger was well known in New York. She died at the home of her daughter, whom she was visiting.

A Boy Committed Suicide.

ELKHART, Ind., Oct. 10.—Carl Berger, 19-year-old son of John Berger, living at Klinger Lake, committed suicide by shooting himself. Young Berger was injured several years ago, since which time he has been partially deranged.

THE MARKETS.

Review of the Grain and Cattle Markets For October 9.

New York.

Cattle—\$1 25@5 50. Sheep—\$1 75@3 25. Lambs—\$2 50@4 50.

Louisville Tobacco Market.

Furnished by Glover & Durrett, Louisville Tobacco Warehouse.

Sales on our market for the week just closed amount to 2,730 bbls., with receipts for the same period 570 bbls. Sales on our market since January 1st amount to 133,854 bbls. Sales of the crop of 1899 on our market to the date amount to 133,077 bbls. Our market this week has shown a little more activity for the medium grades of burley, otherwise the situation remains unchanged. The sales of the week embraced four hogheads 1st crop burley, which sold at the following prices: \$11.75, \$4.50, \$3.50, \$3.40. The reports which reach us indicate that the yield of the burley crop in many sections will be unusually large.

The following quotations fairly represent our market for burley tobacco, 1899 crop:

Trash (dark) or damaged tobacco.....	\$ 2 50@3 50
Common colory trash.....	4 00@5 00
Medium to good colory trash.....	5 00@6 00
Common lugs, not colory.....	4 50@5 50
Common colory lugs.....	5 50@6 50
Medium to good colory lugs.....	8 50@10 00
Common to medium leaf.....	9 00@12 00
Medium to good leaf.....	12 50@16 00
Good to fine leaf.....	16 00@18 00
Select wrappery leaf.....	18 00@25 00

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

GERMANTOWN.

Louie Anderson, of Ironton, O., is a guest of J. F. Walton.

Dr. C. W. Norris returned to his home in Louisville on Friday last.

Mrs. Jane Pollock, of Bloomington, Ill., started for home on Monday.

Master John Ketchum, of Moscow, is the guest of the family of George Erlon.

J. H. Walton and wife are visiting their son, Judge Mat Walton, at Lexington.

Miss Lizzie Pollock has gone on a protracted visit to her relatives near Mayslick.

Mrs. Belle Burdette returned on Monday to her home in the southern part of Florida.

Mr. Hawkins and wife were the guests of her father's family, Dr. Mullikin, during the fair.

Miss Nannie Erlon has gone to Milford to spend several weeks, mingling business with pleasure.

Miss Glascock, of Bath County, will give an entertainment of select reading here on the evening of the 17th.

Miss Birdie Harris has gone to Millersburg, to spend the winter. She will be very much missed in our community.

Dr. H. B. Savage, of Galena, Kan., writes from the seat of his mines that in spite of the predictions to the contrary, since zinc ore was put on the free list it has advanced from \$16 to \$21 a ton, and they look for it to go still higher.

In answer to the numerous inquiries as to how "I like Northern Michigan?" I would say that I like it, and especially the city of Petoskey, which is fast becoming the centre of all the section whither people resort for pleasure and health.

I like it for its cooling, refreshing breezes, its never failing fruits and flowers, its delicious berries and luscious potatoes, the magnificent forests of pines and evergreens, its splendid schools and beautiful churches; the energy, pluck, refinement and social qualities of its people, the lovely moonlight on the lake, and its glorious sunsets when the great orb of day apparently sinks to rest in grandeur and glory beneath the glittering waves, forcing the reflection of the psalmist, "What is man that thou art mindful of him?" The men are robust, hale and hearty; the women, well I wouldn't dare to say that they are handsome like our Kentucky belles, but they are plump, rosy and healthy looking, none of your pale-faced, neuralgic, enervated beauties whose systems are constantly saturated with iron and arsenic, but women who laugh with a hearty laugh, step with a step as elastic as a deer, and seem to think that life was made to be enjoyed. Last, but not least, I like it because it gives rest to the victim of hay-fever.

There has been in use a remedy with good effects for nearly a quarter of a century. It is a preventive and cure that thousands make use of every year. Why? Because it never fails to do good—its medicinal qualities are certain. It is specific for this dread disease. It cures!

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment which rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

DELIGHTED!

We have everything to gain by trading on a narrow margin of profit. We could not fill our shelves with goods at the very lowest prices known in the market if we did not buy on a large scale, and we could not sell on a larger scale unless we gave the public the full benefit of our close buying. We love to make our discounts. Our business will grow steadily, because we give it close attention. We buy cheap; we can sell cheap. Try us, the people's grocers.
